## THE ROARING FORK

EXTERIOR DESIGN OPTION A

EXTERIOR DESIGN OPTION B

As a leading custom home builder in the Asheville area, Amarnx Construction is renowned for its ability to build homes both on time and on budget, while maintaining the high quality that clients expect. Enhanced by nature, each home is integrated with the land; seamlessly blending construction with a natural surrounding beauty.

Homes built by the Amarnx team are a perfect blend of artistry and practicality, designed to suit each client, regardless of budget. Amarnx strives to enhance environment and living space using smart solutions, intelligent design, and top-notch construction in collaboration with client needs and desires.

Above all, the Amarnx team understands what a home represents and why the many details its construction involves require high levels of organization, integrity and professionalism. Our excellent communication and scheduling deliver a positive experience for the buyer throughout the process, making Amarnx one of the best builders to make your dream home a pleasant reality.
